Spotlight on a Ministry Day

Tuesday, June 9th, 2026 we hit the streets of downtown Toronto to find people to minister to. I was joined by volunteers Jennifer, Kasahun and Bernie.
It was a day of scorching heat so we distributed cold water, hats and other clothing items to anyone we met that was in need. We also shared Christ and prayed with many that we met. It was a good day to love others in Jesus name.

A FewThoughts Regarding Our Work and Missions Field

Friends, this has been a very challenging year. Many homeless individuals have died on the streets, overdosed or struggle with dehyrdation, which is an extreme situation. Water is hard to come by, especially if you have no permanent residence.

2025 was one of the coldest years by far, but now in 2026 summer has arrived and the heat is upon us. Dehyration is the second largest factor in the life span of those living outside. Our Summer Outreach Ministry has begun, taking ice cold water and food to the streets, in fact, we receive weekly requests from homeless individuals for supplies. Many depend heavily on us for items like water, food and clothing. Others contact us for supplies like tents, sleeping bags and tarps to stay dry during heavy rainfall.

It is with this in mind, we have launched our Summer Fundraiser. Our Projects help those in desperate need of supplies year round. When heat becomes extreme and you find no cooling centers open dehyration sets in quickly then its too late.

As we hand out supplies and preach Christ on the streets of Toronto we pray that many of you will partner with us to help us bless those living in difficult circumstances. What God has called us to do we do with joy. 7 Homeless have come to Christ this year so far plus 11 others, the work is still ongoing. We need your help now. God has opened new doors, for the Word says "for everyone who calls on the Lord will be saved" Romans 10:13

God Bless
